Message from the Diocesan Bishop

Dear friends in Christ,

He said to the disciples, “Gather the pieces that are left over. Let nothing be wasted.”(John 6: 12)

When the great crowd that followed Jesus felt hungry, Jesus fed the 5000 men, women, and children, who were seated on the grass through the miracle of multiplying the available food, five small barley loaves and two small fish. Then He said to the disciples, “Let nothing be wasted.” This is a great lesson for all humans, in every place and at all times.

One of the things that we can learn during the season of the Great Lent is to take only what we need. When we take more than what we need we tend to waste the leftovers. Pope Francis recently said that when we waste food, we are taking away (plundering or robbing) the food of a hungry person. Think of the hungry people who spend days without food! Mahatma Gandhi reminded us that God (The earth) provides enough to satisfy every man’s needs, but not every man’s greed.

The Cross of Christ symbolizes sacrifice. He emptied Himself for giving life for all. Giving food for the other should become everyone’s spiritual challenge. It is there where one can find the meaning of the Cross - by denying oneself, taking up the cross, and following Jesus Christ. Is your walk a blessing to the other?

The Cross of Christ, His death, and His resurrection, is the answer to the problems of our world. Can we bring this Easter blessing to our world? Wishing you all a Happy Easter!
